MARCH IS SOCIAL WORKER MONTH

March is a special time when we recognize and celebrate the essential contributions of social workers to our community's well-being. These professionals are trained to help people overcome personal and systemic barriers and work tirelessly to effect positive change in individuals, families, and entire communities. Social work is crucial in ensuring that families and individuals receive quality care.

In honor of Social Worker Month, TYFS would like to recognize Tasha Hamilton, our Licensed Clinical Social Worker and Licensed Clinical Alcohol and Drug Counselor/Supervisor.

Tasha provides mental health counseling services to our Douglas County community at our Gardnerville, NV office.
